Stealth Full Face Mask (above)

SRG-1 High Performance Regulator (above)

Dear Valued Customer,

Ocean Technology Systems (OTS) values your continued support over the years. As we continue to develop new products with more diversity and innovation we've found it necessary to evaluate some of our product lines. Having said that, as of June 6th, 2018 OTS has decided to discontinue the Stealth Full Face Mask and SRG-1 product lines due to the fact that it is no longer profitable.

OTS will continue to service and support the Stealth Full Face Mask and SRG-1 product lines for the next 5 years. Service can be done by finding a local technician in your area or sending it back to the factory. We will continue to stock and sell all parts needed to service Stealth Regulators during this time, however we will no longer be selling them fully assembled effective immediately.

Thanks to all who have supported these products and enjoyed diving them as much as we do! If you are looking for a suitable substitute to the Stealth Full Face Mask please consider our Guardian Full Face Mask.

**For any questions or concerns please call OTS at 714-754-7848 and speak with a representative in Sales.**
